

Suspension Policy

6.10

5.

Failure to attend mandatory trainings (including Fall Orientation) without prior approval by the Personnel Director will result in an automatic suspension from position and pay. Suspended employees will be required to forfeit their keys, will not be authorized to act as an employee of the Associated Students, and will have their access to the facilities and resources of their office and the Associated Students revoked (as an employee). Suspended employees will have the opportunity to appeal their suspension to the Board of Directors, who will decide if reinstatement is or is not appropriate.
